

# TargetRecruit's Shift Scheduling

Optimize scheduling and resource management with precision and ease by leveraging TargetRecruit's advanced functionality, powered by [Isimio](#).

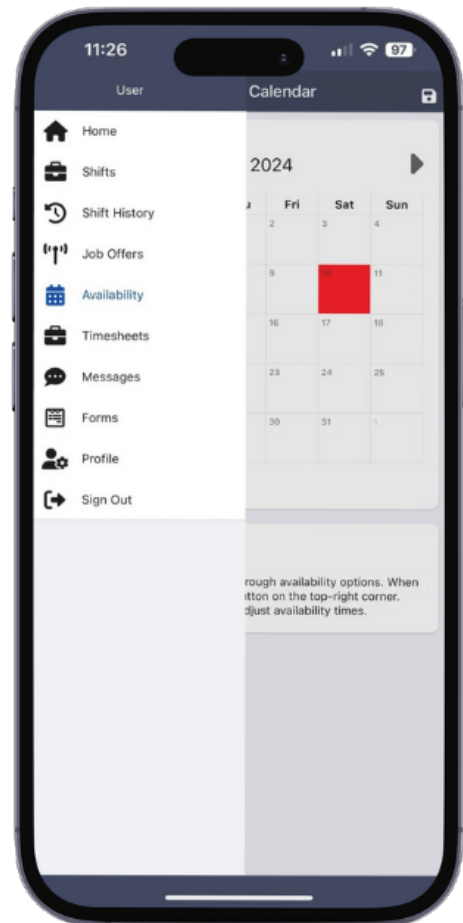

Reduce the time and effort it takes to fill a shift. And say goodbye to spreadsheets.

# Seamless Workforce Scheduling

## Mobile App

- Free up your time with a fully branded self-service mobile app for availability, schedules, messages, and more.
- Allow managers and workers the flexibility to view and update their schedules on the go.
- Send notifications and alerts for shift availability, confirmation, or changes directly to your mobile app.

## Calendar View

Easily navigate through daily, weekly, or monthly layouts to gain a comprehensive overview of worker shifts, availability, and resource allocation. This feature allows managers to quickly spot gaps in schedules and make informed decisions on staffing needs, ensuring that all shifts are filled quickly and effectively. Leverage intelligent candidate matching, compliance, fatigue management, and open shifts, to make sure you get the right person on the job.

### Color-Coded Shifts

Instantly identify shift types and employee statuses with customizable color-coding, enhancing visibility and comprehension at a glance.

### Drag-and-Drop Functionality

Effortlessly adjust schedules by dragging and dropping shifts, making the scheduling process both fast and user-friendly.

### Integration with Worker Profiles

Access detailed worker information directly from the calendar, including skills, certifications, and availability, enabling optimal resource matching.

The screenshot displays the TargetRecruit Scheduler interface. The main calendar view shows shifts for roles including Nurse, Physician, Anesthesiologist, and Critical Care Physician across the dates 26 Mon to 1 Sun. Shifts are color-coded and include details like location and time. The sidebar on the right, titled 'Possible Matches', lists several workers with their eligibility percentages and star ratings. The interface includes a search bar, navigation tabs, and a 'Select' button.

Role	26 Mon	27 Tue	28 Wed	29 Thu	30 Fri	31 Sat	1 Sun
Unassigned							
Nurse	08:00 AM - 05:00 PM Elliot at River's Edge 3	08:00 AM - 05:00 PM Elliot at River's Edge 3	08:00 AM - 05:00 PM Elliot at River's Edge 3	08:00 AM - 05:00 PM Elliot at River's Edge 3	08:00 AM - 05:00 PM Elliot at River's Edge 3		
Physician	08/26/24 12:00 PM - 08/27/24 12:00 AM Elliot Medical - Pediatrics 2	08/27/24 03:00 PM - 08/28/24 12:00 AM Gold Coast Hospital and Health Service Physician - Gastroenterology 2	08/28/24 03:00 PM - 08/29/24 12:00 AM Gold Coast Hospital and Health Service Physician - Gastroenterology 2	08/29/24 03:00 PM - 08/30/24 12:00 AM Gold Coast Hospital and Health Service Physician - Gastroenterology 2	08/30/24 03:00 PM - 08/31/24 12:00 AM Gold Coast Hospital and Health Service Physician - Gastroenterology 2	08/31/24 03:00 PM - 08/01/24 12:00 AM Gold Coast Hospital and Health Service Physician - Gastroenterology 2	
Anesthesiologist	08:00 AM - 05:00 PM California Pacific Medical Center			08:00 AM - 05:00 PM California Pacific Medical Center

## Calendar Job View

From the job, the Calendar View transforms how users interact with their scheduling data. Managers can seamlessly transition between the broader calendar layout and specific job details, allowing for a more focused approach to workforce management.

### Job-Specific Insights

Gain insights into specific roles and assignments, helping managers understand the unique scheduling needs of each position.

### Instant Shift Adjustments

Make quick modifications to shifts based on real-time data, ensuring that any changes in demand are met with immediate action.

### Collaboration Tools

Foster communication among team members through built-in messaging features, enabling discussions around shift swaps, cover requests, or availability confirmations directly within the job view.

The screenshot displays the TargetRecruit web application interface. The top navigation bar includes the TargetRecruit logo and various menu items like Home, Sales Opportunities, Hotbooks, Accounts, People, Jobs, Job Applicants, Placements, Reports, Candidates Search, References, Connections, and More. The main content area shows the details for a job titled "Physician - Gastroenterology" at "Gold Coast Hospital and Health Service". The job is currently in the "Open" stage. Below the job details, there is a "Shift Scheduler" section with a calendar view showing shifts for September 2024. The calendar displays shifts for "Gold Coast Hospital and Health Service" and "Physician - Gastroenterology". The shifts are listed in a table with columns for dates and times. To the right of the calendar, there is a "Possible Matches" section listing candidates like Madison Cunningham, Alina Garcia, Adrian Nunez, and Phillip Abalos, along with their eligibility and work history. Further right, there is an "Applicant by Stage Report Chart" showing the number of applicants at each stage: New Application (5), Screening (4), Submitted to Account Manager (2), Submitted to Hiring Manager (2), and Rejected (1). The interface also includes a "Cepilot" section with buttons for "Generate" and "Questionnaire".

Whether you need to manage complex schedules, optimize resource allocation, or ensure that your operations run efficiently, TargetRecruit, powered by Isimio, offers a comprehensive solution designed to meet your needs.
